

Simplified management of your cashflow

Neo1 is a free-to-subscribe, easy-to-use, business spend management solution. It combines the capabilities of an online travel booking tool, expense management system, and procurement platform in a single location.

A tool built for all your business spend

SINGLE PLATFORM

A single location for employees to source goods and services, manage invoices for approval, and reconcile payment.

FREE-TO-SUBSCRIBE

Easily and freely get started in just a few minutes by following the guided steps with information pre-populated from sources such as Companies House.

AMAZON BUSINESS INTEGRATION

Users can search and purchase from millions of suppliers easily and with full pre-purchase approval.

INCREASED CASHFLOW VISIBILITY

View spend by month and statement period in a single location to better monitor employee spend across the business.
